

This is a digital copy of a book that was preserved for generations on library shelves before it was carefully scanned by Google as part of a project to make the world's books discoverable online.

It has survived long enough for the copyright to expire and the book to enter the public domain. A public domain book is one that was never subject to copyright or whose legal copyright term has expired. Whether a book is in the public domain may vary country to country. Public domain books are our gateways to the past, representing a wealth of history, culture and knowledge that's often difficult to discover.

Marks, notations and other marginalia present in the original volume will appear in this file - a reminder of this book's long journey from the publisher to a library and finally to you.

#### Usage guidelines

Google is proud to partner with libraries to digitize public domain materials and make them widely accessible. Public domain books belong to the public and we are merely their custodians. Nevertheless, this work is expensive, so in order to keep providing this resource, we have taken steps to prevent abuse by commercial parties, including placing technical restrictions on automated querying.

We also ask that you:

- + *Make non-commercial use of the files* We designed Google Book Search for use by individuals, and we request that you use these files for personal, non-commercial purposes.
- + Refrain from automated querying Do not send automated queries of any sort to Google's system: If you are conducting research on machine translation, optical character recognition or other areas where access to a large amount of text is helpful, please contact us. We encourage the use of public domain materials for these purposes and may be able to help.
- + *Maintain attribution* The Google "watermark" you see on each file is essential for informing people about this project and helping them find additional materials through Google Book Search. Please do not remove it.
- + *Keep it legal* Whatever your use, remember that you are responsible for ensuring that what you are doing is legal. Do not assume that just because we believe a book is in the public domain for users in the United States, that the work is also in the public domain for users in other countries. Whether a book is still in copyright varies from country to country, and we can't offer guidance on whether any specific use of any specific book is allowed. Please do not assume that a book's appearance in Google Book Search means it can be used in any manner anywhere in the world. Copyright infringement liability can be quite severe.

Man of Your Character can no more Prevent a Dedication, than he wou'd Encourage one; for Merit, like a Virgin's Blushes, is still most discover'd, when it labours most to be conceal'd.

The World generally measures our Esteem by the Ardour of our Pretences; and will scarce believe that so much Zeal in the Heart, can be consistent with so much Faintness in the Expressions; but when they reflect on Your Readiness to do Good, and Your Industry to hide it; on Your Passion to oblige, and Your Pain to hear it own'd; They'll conclude, that Acknowledgments wou'd be Ungrateful to a Person, who evin seems to receive the Obligations he confers.

# PREFACE.

SINCE this following Poem in a manner stole into the World, I cou'd not be surprized to find it uncorrect: Tho' I can no more say I was a Stranger to its coming abroad, than that I approved of the Publisher's Precipitation in doing it: For a Hurry in the Execution, generally produces a Leisure in Restlection; so when we run the fastest, we stumble the oftnest. However, the Errors of the Printer have not been greater than the Candor of the Reader: And if I cou'd but say the same of the Desects of the Author, he'd need no Justi-

Justification against the Cavils of some furious Criticks, who, I am sure, wou'd have been better pleas'd if they had met with more Faults.

Their Grand Objection is, That the Fury Disease is an improper Machine to recite Characters, and recommend the Example of present Writers: But tho' I had the Authority of some Greek and Latin Poets, upon parallel Instances, to justifie the Design; yet, that I might not introduce any thing that seem'd inconsistent or hard, I started this Objection my self, to a Gentleman very remarkable in this sort of Criticism, who wou'd by no means allow that the Contrivance was forc'd, or the Conduct incongruous.

Disease is represented a Fury as well as Envy: She is imagin'd to be forc'd by an Incantation from her Recess; and to be reveng'd on the Exorcist, mortistes him with an Introduction of several Persons eminent

eminent in an Accomplishment He has made some Advances in.

Nor is the Compliment less to any Great Genius mention'd there; since a very Fiend, who naturally repines at any Excellency, is forc'd to confess how happily They've all succeeded.

Their next Objection is, That I have imitated the Lutrin of Monsieur Boilean. I must own I am proud of the Imputation; unless their Quarrel be, That I have not done it enough: But he that will give himself the trouble of examining, will find I have copy'd him in nothing but in two or three Lines in the Complaint of Molesse, Canto II. and in one in his First Canto; the Sense of which Line is entirely his, and I cou'd wish it were not the only good One in mine.

I have spoke to the most material Objections I have heard of, and shall tell these Gentlemen, That for ev'ry Fault they pretend.

tend to find in this Poem, I'll undertake to shew them two. One of these curious Persons does me the Honour to say, He approves of the Conclusion of it; but I suppose 'tis upon no other Reason, but because 'tis the Conclusion. However, I shou'd not be much concern'd not to be thought Excellent in an Amusement I have very little practis'd hitherto, nor perhaps ever shall again.

Reputation of this fort is very hard to be got, and very easie to be lost; its Pursuit is painful, and its Possession unfruitful: Nor had I ever attempted any thing in this kind, 'till finding the Animosities' among the Members of the College of Physicians encreasing daily (notwithstanding the frequent Exhortations of our Worthy President to the contrary) I was persuaded to attempt something of this nature, and to endeavour to Rally some of our disaffected Members into a Sense of their Duty, who have hitherto most obstinately oppos'd all manner of Union; and have con-

continu'd so unreasonably refractory, that 'twas thought sit by the College, to reinforce the Observance of the Statutes by a Bond, which some of them wou'd not comply with, tho' none of 'em had refus'd the Ceremony of the customary Oath; like some that will trust their Wives with any Body, but their Mony with None. I was sorry to find there cou'd be any Constitution that was not to be cur'd without Poison, and that there shou'd be a Prospect of effecting it by a less grateful Method than Reason and Persuasion.

The Original of this Difference has been of some standing, tho' it did not break out to Fury and Excess 'till the time of Erecting the Dispensary, being an Apartment in the College set up for the Relief of the Sick Poor, and manag'd ever since with an Integrity and Disinterest suitable to so Charitable a Design.

If any Person wou'd be more fully inform'd about the Particulars of so Pious a Work,

Work, I refer him to a Treatise set forth by the Authority of the President and Cenfors, in the Year 97. 'Tis call'd A short Account of the Proceedings of the College of Physicians, London, in relation to the Sick Poor. The Reader may there not only be inform'd of the Rise and Progress of this so Publick an Undertaking, but also of the Concurrence and Encouragement it met with from the most, as well as the most Ancient Members of the Society, notwithstanding the vigorous Opposition of a sew Men, who thought it their Interest to deseat so laudable a Design.

The Intention of this Preface is not to persuade Mankind to enter into our Quarrels, but to vindicate the Author from being censur'd of taking any indecent Liberty with a Faculty he has the Honour to be a Member of. If the Satyr may appear directed at any particular Person, 'tis at such only as are presum'd to be engag'd in Dishonourable Confederacies for mean

and mercenary Ends, against the Dignity of their own Profession. But if there be no such, then these Characters are but imaginary, and by consequence ought to give no Body Offence.

The Description of the Battel is grounded upon a Feud that hapned in the Dispensary, betwixt a Member of the College with his Retinue, and some of the Servants that attended there, to dispense the Medicines; and is so far real; tho' the Poetical Relation be fictitious. I hope no Body will think the Author Scurrilous thro' the whole, who being too liable to Faults himself, ought to be less severe upon the Miscarriages of others. If I am hard upon any one 'tis my Reader: But some Worthy Gentlemen, as remarkable for their Humanity as their Extraordinary Parts, have taken care to make him amends for it, by prefixing something of their own.

I con-

I confess those Ingenious Gentlemen have done me a great Honour; but while they design an imaginary Panegyrick upon me, They have made a real one upon Themselves; and by saying how much this small Performance exceeds some others, They convince the World how far it falls short of Theirs.

The Copy of an Instrument Subscribed by the President, Censor, most of the Elects, Senior Fellows, Candidates, &c. of the College of Physicians, in relation to the Sick Poor.

THereas the several Orders of the College of Physicians, London, for prescribing Medicins gratis to the Poor Sick of the Cities of London and Westminster, and Parts adjacent, as also the Proposals made by the said College to the Lord Mayor, Court of Aldermen and Common Council of London, in pursuance thereof, have hitherto been ineffectual, for that no Method hath been taken to furnish the Poor with Medicins for their Cure at low and reasonable Rates; we therefore whose Names are here under-written, Fellows or Members of the said College, being willing effectually to promote so great a Charity, by the Counsel and good Liking of the President and College declared in their Comitia, hereby (to wit, each of us severally and apart, and not the one for the other of us) do oblige our selves to pay to Dr. Thomas Burwell, Fellow and Elect of the said College, the Sum of Ten Pounds a-piece of Lawful Mony of England, by such Proportions, and at such Times

as

as to the major Part of the Subscribers hereto shall seem most convenient: Which Mony when received by the said Dr. Thomas Burwell, is to be by himexpended in preparing and delivering Medicins to the Poor at their intrinsick Value, in such Manner, and at such Times, and by such Orders and Directions, as by the major Part of the Subscribers hereto, shall in Writing be hereafter appointed and directed for that Purpose. In Witness whereof we have hereunto set our Hands and Seals this Twenty Second Day of December, 1696.

## To Dr.G—th, upon the Dispensary.

H that some Genius, whose Poetick Vein, Like M-gue's cou'd a just Piece sustain, Wou'd search the Græcian and the Latin Store, And thence present thee with the purest Oar. In lasting Numbers praise thy whole Design, And Manly Beauty of each Nervous Line. Show how your pointed Satyr's Sterling Wit Does only Knaves, or formal Blockheads hit; Who're gravely Dull, insipidly Serene, And carry all their Wisdom in their Mein. Whom thus expos'd, thus strip'd of their Disguise, None will again Admire, most will Despife. Show in what Noble Verse Nassau you sing, How such a Poet's worthy such a King.

When

When S—r's Charming Eloquence you Praise,

How lostily your Tuneful Voice you raise!

But my poor seeble Muse is as unsit

To Praise, as Imitate what you have writ.

Artists alone shou'd venture to Commend

What D—s can't Condemn, nor D—n Mend:

What must, writ with that Fire and with that Ease,

The Beaux, the Ladies and the Criticks please.

#### Opinion of his POEM.

A SK me not, Friend, what I Approve or Blame,
Perhaps I know not why I Like, or Damn;
I can be Pleas'd; and I dare own I am.
I read Thee over with a Lover's Eye,
Thou hast no Faults, or I no Faults can spy;
Thou art all Beauty, or all Blindness I.
Criticks, and aged Beaux of Fancy chaste,
Who ne'er had Fire, or else whose Fire is past,
Must judge by Rules what they want Force to Taste

I wou'd a Poet, like a Mistress, try, Not by her Hair, her Hand, her Nose, her Eye; But by some Nameless Pow'r, to give me Joy. The Nymph has G-n's, C-l's, C-l's-If with resistless Fires my Soul she warms With Balm upon her Lips, and Raptures in her Arms Such is thy Genius, and such Art is thine, Some secret Magick works in ev'ry Line; We judge not, but feel the Pow'r Divine. Where all is Just, is Beauteous, and is Fair, Distinctions vanish of peculiar Air. Lost in our Pleasure, we Enjoy in you Lucretius, Horace, S-d, M-gue. And yet 'tis thought, some Criticks in this Town,. By Rules to all, but to themselves, unknown, Will Damn thy Verse, and Justifie their own. Why, let them Damn: Were it not wond rous hard Facetious M and the City-B-

# To my Friend, Dr. G—th, the Author of the Dispensary.

The Health you give, prevents the Poet's Pen.

Sufficiently confirm'd is your Renown,

And I but fill the Chorus of the Town.

That let me wave, and only now Admire

The dazling Rays of your Poetick Fire:

Which its diffusive Virtue does dispense,

In slowing Verse, and elevated Sense.

The Town, which long has swallow'd foolish Verse, Which Poetasters ev'ry where rehearse; Will mend their Judgment now, refine their Taste, And gather up th' Applause they threw in waste.

The Play-House shan't Encourage false, sublime, Abortive Thoughts, with Decoration-Rhime.

The Satyr of Vile Scribblers shall appear
On none, except upon themselves severe:

And when you seem to Smile the most, you Bite.

#### TO MY

### FRIEND,

UPON THE

#### DISPENSARY.

A Swhen the People of the Northern Zone
Find the Approach of the Revolving Sun,
Pleas'd and reviv'd, They see the new-born Light,
And dread no more Eternity of Night:

Thus We, who lately as of Summer's Heat
Have felt a Dearth of Poetry and Wit;
Once fear'd, Apollo would return no more
From warmer Climes, to an ungrateful Shore.

But

But Tou, the Fav'rite of the Tuneful Nine,
Have made the God in his full Lustre shine;
Our Night have chang'd into a Glorious Day;
And reach'd Perfection in your sirst Essay:
So the young Eagle that his Force would try,
Faces the Sun, and tow'rs it to the Sky.

Others proceed to Art by stow Degrees,
Aukward at first, at length they faintly please.
And still whateer their first Efforts produce,
Tis an Abertive, or an Infant Mase:
Whilst yours, like Pallae from the Head of Jove,
Steps out full grown, with Noblest Pace to move.
What ancient Poets to their Subject owe,
Is here invertedy and this owes to you:
Tou found it Little, but have made it Great;
They could Describe, but you alone Create.

Now

Now let your Muse rise with Expanded Wings,
To sing the Fate of Empires, and of Kings;
Great WILLIAM's Victories she'll next rehearse,
And raise a Trophy of Immortal Verse:
Thus to your Art proportion the Design,
And Mighty Things with Mighty Numbers join,
A Second Namur, or a Future Boyne.

### CANTO I.

Seak, Goddess fince it is Thou that best cansi reil,
How ancient Leagues to modern Discord fell;
And why Physicians were so cautious grown
Of others Lives, and lavish of their own;
How by a Journey to th' Elysian Plain
Peace triumph'd, and old Time return'd again.

Not far from that most calebrated Place,

Where angry ' Justice shews her awful Face;

1 Old Baily.

Where little Villains must submit to Fate. That great Ones may enjoy the World in State; There stands a 2 Dome, Majestick to the Sight, And fumptuous Arches bear its oval Height; A golden Globe plac'd high with artful Skill, Seems, to the distant Sight, a gilded Pill: This Pile was, by the Pious Patron's Aim, Rais'd for a Use as Noble as its Frame: Nor did the Learn'd Society decline The Propagation of that great Design; In all her Mazes, Nature's Face they view'd, And as the difappear'd, their Search purfu'd. Wrapt in the Shades of Night the Goddess lyes, Yet to the Learn'd unveils her dark Difguise, But shuns the gross Access of vulgar Eyes. Now she unfolds the faint, and dawning Strife Of infant Atoms kindling into Life:

2 College of Physicians.

And

How ductile Matter new Meanders takes, And slender Trains of twisting Fibres makes. And how the Viscous seeks a closer Tone, By just degrees to harden into Bone; While the more Loofe flow from the vital Urn, And in full Tides of Purple Streams return; How lambent Flames from Life's bright Lamp arise, And dart in Emanations through the Eyes; How from each Sluice a gentle Torrent pours, To flake a feavirish Heat with ambient Show'rs. Whence, their Mechanick Pow'rs, the Spirits claim, How great their Force, how delicate their Frame: How the same Nerves are fashion'd to sustain The greatest Pleasure and the greatest Pain. Why bileous Juice a Golden Light puts on, And Floods of Chyle in Silver Currents run. How the dim Speck of Entity began To work its brittle Being up to Man.

To

To how minute an Origin we owe Young Ammon, Cafar, and the Great Nasfau. Why paler Looks impetuous Rage proclaim, And why chill Virgins redden into Flame. Why Envy oft transforms with wan Difguise, And why gay Mirth fits fimiling in the Eyes. All Ice why Lucrece, or Sempronia, Fire, Why S--- rages to furvive Defire. Whence Mile's Vigour at Olympick's shown, Whence Tropes to F. b, or Impudence to S Why Atticus polite, Brutus severe, Why Me-n muddy, M-gue why clear. Hence 'tis we wait the wond'rous Cause to find, How Body acts upon impassive Mind. How Fumes of Wine the thinking Part can fire, Past Hopes revive, and present Joys inspire: Why our Complexions oft our Soul declare, And how the Passions in the Features are:

How

How Touch and Harmony arise between Carporeal Substances, and Things unseen. With mighty Truths, mysterious to descry, Which in the Womb of distant Causes lye.

But now those great Enquiries are no more,
And Faction skulks, where Learning shone before:
The drooping Sciences neglected pine,
And Pwan's Beams with fading Lustre shine.
No Readers here with Hectick Looks are found,
Or Eyes in Rheum, thro' midnight-watching drown'd:
The lonely Edifice in Sweats complains
That nothing there but empty Silence reigns.

This Place so sit for undisturb'd Repose,
The God of Sloth for his Asylum chose.
Upon a Couch of Down in these Abodes
Supine with folded Arms he thoughtless nods.

B 3

Indulging

Indulging Dreams his Godhead Iull to Eafe,
With Murmurs of foft Rills, and whifp'ring Trees.
The Poppy and each numming Plant difpense
Their drowzy Virtue, and dull Indolence.
No Passions interrupt his easie Reign,
No Problems puzzle his Lethargick Brain.
But dark Oblivion guards his peaceful Bed,
And lazy Fogs hang ling'ring o'er his Head.

'As at full Length the pamper'd Monarch lay Batt'ning in Ease, and slumb'ring Life away: A spiteful Noise his downy Chains unties, Hastes forward, and encreases as it slies.

First, some to cleave the stubborn 3 Flint engage, Till urg'd by Blows, it sparkles into Rage.

Some temper Lute, some spacious Vessels move;

These Furnaces erect, and Those approve.

3 The Building of the Dispensary.

Here

Here Phyals in nice Discipline are set,
There Gally-pots are rang'd in Alphabet.
In this place, Magazines of Pills you spy;
In that, like Forage, Herbs in Bundles lye.
While listed Pestles brandish'd in the Air
Descend in Peals, and Civil Wars declare.
Loud Stroaks, with pounding Spice, the Fabrick rend.
And Aromatick Clouds in Spires ascend.

So when the *Cyclops* o'er their Anvils fweat, And their fwoln Sinews ecchoing Blows repeat; From the *Vulcano's* groß Eruptions rife, And curling Sheets of Smoke obscure the Skies.

The flumb'ring God amaz'd at this new Din, Thrice strove to rise, and thrice sunk down agen. Listless he stretch'd, and gaping rubb'd his Eyes, Then falter'd thus betwixt half Words and Sighs.

B 4

How

How impotent a Deity am I! With Godhead born, but curs'd, that cannot die! Thro' my Indulgence, Mortals hourly share A grateful Negligence, and Ease from Care. Lull'd in my Arms, how long have I with-held The Northern Monarchs from the dusty Field. How have I kept the British Fleet at Ease, From tempting the rough Dangers of the Seas. Hibernia owns the Mildness of my Reign, And my Divinity's ador'd in Spain. I Swains to Sylven Solitudes convey. Where stretch'd on Mossy Beds, they waste away, In gentle Joys the Night, in Vows the Day. What Marks of wondrous Clemency I've shown, Some Rev'rend Worthies of the Gown can own. Triumphant Plenty, with a chearful Grace, Basks in their Eyes, and sparkles in their Face.

How

How fleek their Looks, how goodly is their Mien, When big they strut behind a double Chin.

Each Faculty in Blandishments they lull,
Aspiring to be venerably dull.

No learn'd Debates molest their downy Trance,
Or discompose their pompous Ignorance:
But undisturb'd, they loiter Life away,
So wither Green, and blossom in Decay.

Deep sunk in Down, they, by my gentle Care,
Avoid th' Inclemencies of Morning Air,
And leave to tatter'd Crape the Drudgery of Pray'r.

Urim was civil, and not void of Sense, Had Humour, and a courteous Confidence. So spruce he moves, so gracefully he cocks; The hallow'd Rose declares him Orthodox. He pass'd his easie Hours, instead of Pray'r, In Madrigals, and Phillising the Fair.

Constant

Constant at Feasts, and each Decorum knew: And foon as the Defert appear'd, withdrew. Always obliging and without Offence, And fancy'd for his gay Impertinence. But see how ill mistaken Parts succeed; He threw off my Dominion, and would read; Engag'd in Controversie, wrangled well; In Convocation-Language cou'd excel. In Volumns prov'd the Church without Defence. And guarded but by helpless Providence: How Grace and Moderation disagree; And Violence advances Charity. Thus writ 'till none would read, becoming foon A wretched Scribler, of a rare Buffoon.

Mankind my fond propitious Pow'r has try'd, Too oft to own, too much to be deny'd.

And,

And, in return, I ask but some Recess,

To relish the lov'd Extasses of Peace.

But that, the Great Nassau's Heroick Arms

Has long prevented with his loud Alarms.

Still my Indulgence with Contempt he slies,

His Couch a Trench, his Canopy the Skies.

Nor Climes nor Sea'ons his Resolves controul,

Th' Aquator has no Heat, no Ice the Pole.

With Arms resistless o'er the Globe he slies,

And leaves to Jove the Empire o' the Skies.

But as the slothful God to yawn begun, He shook off the dull Mist, and thus went on.

'Twas in this rev'rend Dome I fought Repose,
These Walls were that Asylum I had chose.
Here have I rul'd long undisturb'd with Broils,
And laugh'd at Heroes, and their glorious Toils.

My

My Annals are in monkly Mildews wrought,
With strong unlabour'd Imporence of Thought.

But now some bosic, enterprizing Brain Invents new Fancies to renew my Pain, And labours to dissolve my easie Reign.

3

With that, the God his darling Phoneene calls, And from his falt ring Lips this Message falls;

Since Mortals will dispute my Pow'r, I'll try
Who has the greatest Empire, they or L.
Find Envy out, some Prince's Court attend,
Most likely there you'll meet the famish'd Fiend.
Or where dust Criticks Author's Fate foretel;
Or where state Maids, or meager Eunuchs dwell.
Tell the bleak Fury what new Projects reign,
Among the Homicides of Warwick-Lane.

And

And what th' Event, unless she strait enclines To blast their Hopes, and bassle their Designs.

More he had spoke, but sudden Vapours rise, And with their silken Cords tie down his Eyes.

### CANTO II.

SOON as with gentle Sighs the Evining Breeze
Begun to whifper thro' the murm'ring Trees;
And Night to wrap in Shades the Mountains Heads,
While Winds lay hush'd in Subterranean Beds;
Officious Phantom did with speed prepare
To slide on tender Pinions through the Air.
Oft he attempts the Summit of a Rock,
And oft the Hollow of some blasted Oak;
At length approaching where bleak Envy lay,
The histing of her Snakes proclaim'd the way.

Be-

Beneath the gloomy Covert of an Yew, That taints the Grass with sickly Sweats of Dew; No verdant Beauty entertains the Sight, But baneful Hemlock, and cold Aconite; In a dark Grott the baleful Haggard lay, Breathing black Vengeance, and infecting Day. But how deform'd, and worn with spightful Woes, Rapacious Verres, late a Statesman, knows. The cheerful Blood her meager Cheeks forfook, And Basilisks sate Brooding in her Look. A hald and bloated Toad-stool rais'd her Head; The Plumes of boding Ravens were her Bed. From her chapp'd Nostrils scalding Torrents fall. And her funk Eyes boil o'er in Floods of Gall. Volcano's labour thus with inward Pains. Whilst Seas of melted Oar lye waste the Plains.

Around

Around the Fiend in hideous Order fate
Foul bawling Infamy, and bold Debate:
Gruff Discontent, thro' Ignorance miss-led,
And clam'rous Faction at her Party's Head:
Restless Sedition still dissembling Fear,
And sly Hypocrisie with Pious Leer.

Glouting with fullen Spight the Fury shook
Her clotter'd Locks, and blasted with each Look.
Then tore with canker'd Teeth the pregnant Scrolls,
Where Fame the Acts of Demy-Gods enrolls.
And as the rent Records in pieces fell,
Each Scrap did some Immortal Action tell.

This show'd, how fix'd as Fate Torquatus stood,
That, the fam'd Passage of the Granick Flood;
The Julian Eagles, here, their Wings display,
And there, like setting Stars, the Decii lay;

This

This does Camillus as a God extol,

That points at Manlius in the Capitel;

How Cochles did the Tyber's Surges brave,

How Curtius plung'd into the gaping Grave.

Great Cyrus, here, the Medes and Persians join,

And, there, the wond'rous Battel of the Boyn.

As the light Messenger the Fury spy'd,

A while his curdling Blood forgot to glide:

Consussion on his fainting Vitals hung,

And falt'ring Accents slutter'd on his Tongue.

At length, assuming Courage, he convey'd

His Errand, then he shrunk into a Shade.

The Hag lay long revolving what might be The bleft Event of such an Embassie. Then blazons in dread Smiles her hideous Form, So Light'ning gilds the unrelenting Storm.

And Farmers fatten most when Famine reigns;

For sickly Seasons the Physicians wait,

And Politicians thrive in Broils of State.

The Lover's easie when the Fair One sighs,

And Gods subsist not but by Sacrifice.

Each other Being some Indulgence knows,
Few are my Joys, but infinite my Woes.
My present Pain Britannia's Genius wills,
And thus the Fates record my future Ills.

Tyrants

Tyrants shall then their impious Aims forbear,
And Blenheim's Thunder, more than \* Ætna's, fear,

Since by no Arts I therefore can defeat
The happy Enterprizes of the Great,
I'll calmly stoop to more inferior Things,
And try if my lov'd Snakes have Teeth or Stings.

She said; and strait shrill Colon's Person took,
In Morals loose, but most precise in Look.

Black-Fryars Annals lately pleas'd to call
Him Warden of Apothecaries-Hall.

And, when so dignify'd, he'd not forbear
That Operation which the Learn'd declare
Gives Cholicks ease, and makes the Ladies fair.
In starch'd Urbanity his Talent lyes,
And Form the want of Intellects supplies.

<sup>\*</sup> In Atna were forg'd the Thunder-bolts which Jove employ'd against the Ambition of the Giants.

Hourly

Hourly his Learn'd Impertinence affords

A barren Superfluity of Words.

The Patient's Ears remorfless he affails,

Murthers with Jargon where his Med'cine fails.

The Fury thus affuming Colon's Grace,

So flung her Arms, so shuffl'd in her Pace.

Onward she hastens to the fam'd Abodes,

Where Horoscope invokes th' infernal Gods;

And reach'd the Mansion where the Vulgar run,

For Ruin throng, and pay to be undone.

This Wight all Mercenary Projects tries,
And knows, that to be Rich is to be Wise.

By useful Observations he can tell
The facred Charms, that in true Sterling dwell.

How Gold makes a Patrician of a Slave,
A Dwarf an Atlas, a Thersites brave.

It cancels all Defects, and in their Place

Finds Sense in Br—w, Charms in Lady G—e

It guides the Fancy, and directs the Mind;

No Bankrupt ever found a Fair One kind.

So truly Horoscope its Virtue knows,
To this bright Idol 'tis, alone, he bows;
And fancies, that a Thousand Pound supplies
The want of Twenty Thousand Qualities.

Long has he been of that amphibious Fry, Bold to Prescribe, and busie to Apply. His Shop the gazing Vulgar's Eyes employs With Foreign Trinkets, and Domestick Toys.

Here, Mummies lay most reverendly stale, And there, the Tortois hung her Coat o' Mail;

Not

Not far from some hugh Shark's devouring Head
The flying Fish their sinny Pinions spread.
Alost in Rows large Poppy Heads were strung,
And near, a scaly Alligator hung.
In this place, Drugs in musty Heaps decay'd,
In that, dry'd Bladders, and drawn Teeth were laid.

An inner Room receives the num'rous Shoals,
Of fuch as pay to be reputed Fools.
Globes stand by Globes, Volumns on Volumns lye,
And Planetary Schemes amuse the Eye.
The Sage, in Velver Chair, here lolls at Ease,
To promise surure Health for present Fees.
Then, as from Tripod, solemn Shams reveals,
And what the Stars know nothing of, foretels.

One asks, how foon Panthea may be won, And longs to feel the Marriage Fetters on.

C 4

Others.

Others, convinc'd by melancholy Proof, Enquire when courteous Fates will strike 'em off.

Some, by what means they may redress the Wrong, When Fathers the Possession keep too long. And some would know the Issue of their Cause, And whether Gold can folder up its Flaws. Poor pregnant Lais his Advice would have, To lose by Art what fruitful Nature gave: And Portia old in Expectation grown, Laments her barren Curfe, and begs a Son. Whilst Iris, his Cosmetick Wash would try, To make her Bloom revive, and Lovers die. Some ask for Charms, and others Philters chuse. To gain Corinna, and their Quartans lose. Young Hylas, botch'd with Stains too foul to name. In Cradle here renews his Youthful Frame:

Cloy'd

Cloy'd with Defire, and furfeited with Charms,
A Hot-House he prefers to Julia's Arms.
And old Lucullus wou'd th' Arcanum prove,
Of kindling in cold Veins the Sparks of Love.

Bleak Envy these dull Frauds with Pleasure sees,
And wonders at the senseless Mysteries.
In Colon's Voice she thus calls out aloud
On Horoscope environ'd by the Crowd.

Forbear, forbear, thy vain Amusements cease,
Thy Wood-Cocks from their Gins a while release;
And to that dire Missortune listen well,
Which thou shou'dst fear to know, or I to tell.
'Tis true, thou ever wast esteem'd by me
The Great Alcides of our Company.
When we with Noble Scorn resolv'd to ease
Our selves from all Parochial Offices;

And

And to our Wealthier Patients left the Care. And draggl'd Dignity of Scavenger: Such Zeal in that Affair thou didst express, Nought cou'd be equal, but the great Success. Now call to mind thy Gen'rous Prowess past, Be what thou shou'dst, by thinking what thou wast. The Faculty of Warwick-Lane Defign. If not to Storm, at least to Undermine: Their Gates each day Ten thousand Night-caps crowd, And Mortars utter their Attempts aloud. If they should once unmask our Mystery, Each Nurse, e'er long, wou'd be as learn'd as We; Our Art exposed to every Vulgar Eye, And none, in Complaifance to us, would dye. What if We claim their Right t' Affassinate, Must they needs turn Apothecaries strait? Prevent it, Gods! all Stratzgems we try, To crowd with new Inhabitants your Sky.

'Tis

Tis we who wait the Destinies Command,

To purge the troubl'd Air, and weed the Land.

And dare the College of Physicians aim

To equal our Fraternity in Fame?

Then let Crabs Eyes with Pearl for Virtue try,

Or Highgate-Hill with lofty Pindus vie:

So Glow-worms may compare with Titan's Beams,

And Hare-Court Pump with Aganippe's Streams.

Our Manufacture now they meanly fell,
And spightfully th' intrinsick Value tell:
Nay more: Inhumanly They'll sorce us soon
T'exert our Charity, and be undone;
Whilst We, at our Expence, must persevere,
And, for another World, be ruin'd here.

At this, fam'd Horoscope turn'd pale, and straight In Silence tumbl'd from his Chair of State.

The

The Crowd in great Confusion sought the Door, And less the Magus fainting on the Floor. Whilst in his Breast the Fury breath'd a Storm, Then sought her Cell, and reassum'd her Form. Thus from the Sore altho' the Insect slies, It leaves a Brood of Maggots in Disguise.

Officious Squirt in haste forsook the Shop,
To succour the expiring Horoscope.
Oft he essay'd the Magus to restore,
By Salt of Succinum's prevailing Pow'r;
Yet still supine the solid Lumber lay
An Image of scarce animated Clay;
'Till Fates, indulgent when Disasters call,
By Squirt's nice Hand apply'd a Urinal;
The Wight no sooner did the Steam receive,
But rous'd, and bless'd the stale Restorative.

So when the Great *Pelides*, *Thetis* found,
He knew the oozy Scent, and th'Azure Goddess own'd.

#### CANTO III.

Complaining of the flow Approach of Day;
Oft turn'd him round, and strove to think no more
Of what shrill Colon spoke the Day before.
Cowslips and Poppies o'er his Eyes he spread,
And S— Works he laid beneath his Head.
But those bless'd Opiats still in vain he tries,
Sleep's gentle Image his Embraces slies.
Tumultuous Cares lay rolling in his Breast,
And thus his anxious Thoughts the Sage express.

Oft

Oft has this Planet roll'd around the Sun, 32 11
Since to confult the Skies, I first begun:
Such my Applause, so mighty my Success,
I once thought my Predictions more than Guess.
But, doubtful as I am, I'll entertain
This Faith, there can be no Mistake in Gain. and I
For the dull World most Honour pay to those
Who on their Understanding most impose.
First Man-creates, and then he fears the Elf,
Thus others cheat him not, but he himself:
He loaths the Substance, and he loves the Show;
You'll ne'er convince a Fool, Himself is so:
He hates Reallities, and hugs the Cheat,
And still the only Pleasure's the Deceit.
So Meteors flatter with a dazling Dye
Which no Existence has, but in the Eye.

At distance Prospects please us, but when near, We find but desart Rocks, and sleeting Air. From Stratagem, to Stratagem we run, And he knows most, who latest is undone.

Mankind one Day serene and free appear;
The next, they're cloudy, sullen, and severe:
New Passions, new Opinions still excite,
And what they like at Noon, they leave at Night:
They gain with Labour, what they quit with Ease,
And Health, for want of Change, becomes Disease.
Religion's bright Authority they dare,
And yet are Slaves to Superstitious Fear.
They Counsel others, but themselves Deceive,
And tho' they're Cozen'd still, they still Believe.

Shall I then, who with penetrating Sight Inspect the Springs that guide each Appetite:

Who

Who with unfathom'd Searches hourly pierce
The dark Recesses of the Universe,
Be Passive, whilst the Faculty pretend
Our Charter with unhallow'd Hands to rend?
If all the Fiends that in low Darkness reign,
Be not the Fictions of a sickly Brain,
That Project, the \* Dispensary they call,
Before the Moon can blunt her Horns, shall fall.

With that, a Glance from mild Aurora's Eyes

Shoots thro' the Chrystal Kingdoms of the Skies;

The Savage Kind in Forests cease to roam,

And Sots o'ercharg'd with nauseous Loads reel home.

Light's chearful Smiles o'er th'Azure Waste are spread,

And Miss from Inns o'Court bolts out unpaid.

The Sage transported at th'approaching Hour,

Imperiously thrice thunder'd on the Floor;

\* Medicines made up there, for the ufe of the Russ.

Offici-

Officious Squirt that Moment had access, His Trust was great, his Vigilance no less. To him thus Horoscope,

My kind Companion in this dire Affair,
Which is more light, fince you affume a Share;
Fly with what hafte you us'd to do of old,
When Clyster was in danger to be cold:
With Expedition on the Beadle call,
To fummon all the Company to th' Hall.

Away the trusty Coadjutor slies,

Swift as from Phyal Steams of Harts-horn rise.

The Magns in the intrim mumbles o'er

Vile Terms of Art to some Infernal Pow'r,

And draws Mysterious Circles on the Floor.

But from the gloomy Vault no glaring Spright,

Ascends to blast the tender Bloom of Light.

Na

No mystick Sounds from Hell's detested Womb,
In dusky Exhalations upwards come.
And now to raise an Altar He decrees,
To that devouring Harpy call'd Disease.
Then Flow'rs in Canisters he hastes to bring,
The wither'd Product of a blighted Spring,
With cold Solanum from the Pontick Shore,
The Roots of Mandrake and Black Ellebore.
And on the Structure next he heaps a Load
Of Sassafras in Chips, and Mastick Wood.
Then from the Compter he takes down the File,
And with Prescriptions lights the solemn Pile.

Feebly the Flames on clumfie Wings aspire,
And smoth ring Fogs of Smoke benight the Fire.
With Sorrow he beheld the sad Portent,
Then to the Hag these Orizons he sent.

Disease! thou ever most propitious Pow'r, Whose kind Indulgencies we taste each Hour; Thou well canst boast thy num'rous Pedigree Begot by Sloth, maintain'd by Luxury. In gilded Palaces thy Prowess reigns, But flies the humble Sheds of Cottage Swains. To You fuch Might and Energy belong, You nip the Blooming, and unnerve the Strong. The Purple Conqueror in Chains you bind, And are to us your Vassals only kind. If, in return, all Diligence we pay To fix your Empire, and confirm your Sway, Far as the weekly Bills can reach around, From Kent-street end to fam'd St. Giles's-Pound; Behold this poor Libation with a Smile, And let auspicious Light break through the Pile.

He spoke; and on the Pyramid he laid
Bay-Leaves and Vipers Hearts, and thus he said;
As These consume in this mysterious Fire,
So let the curs'd Dispensary expire;
And as Those crackle in the Flames, and die,
So let its Vessels burst, and Glasses sty.
But a sinister Cricket strait was heard,
The Altar sell, the Off'ring disappear'd.
As the sam'd Wight the Omen did regret,
Squirt brought the News the Company was met.

Nigh where Fleet-Ditch descends in sable Streams,
To wash his sooty Naiads in the Thames;
There stands a \* Structure on a rising Hill,
Where Tyra's take their Freedom out to kill.
Some Pictures in these dreadful Shambles tell,
How, by the Delian God, the Pithon fell;

\* Apothecaries Hall.

And

And how Medea did the Philter brew,
That cou'd in Eson's Veins young Force renew.
In healing Tears how Myrrha mourn'd her Fall,
And what befel the beauteous Criminal.
How Mentha and Althea, Nymphs no more,
Revive in facred Plants, and Health restore.
How sanguine Swains their am'rous Hours repent,
When Pleasure's past, and Pains are permanent;
And how frail Nymphs, oft by Abortion, aim
To lose a Substance, to preserve a Name.

Soon as each Member in his Rank was plac'd, Th' Affembly *Diasenna* thus address'd.

My kind Confed'rates, if my poor Intent,
As 'tis fincere, had been but prevalent,
We here had met on some serene Design,
And on no other Bus'ness but to Dine;

D 4

The

The Faculty had still maintain'd their Sway, And Int'rest then had taught us to obera This only Emulation we had known. Who best cou'd fill his Purse, and thin the Town. But now from gath'ring Clouds Destruction pours, 1 Which threatens with mad Rage our Haleyon Hours: Mists from black Tealousies the Tempest form, Whilst late Divisions reinforce the Storm. Know, when these Feuds, like those at Law, are past, The Winners will be Losers at the last. Like Heroes in Sea-Fights we feek Renown, To fire some Hostile Ship, we burn our own. Who-e'er throws Dust against the Wind, descries He throws it, in effect, but in his Eyes. That Juggler which another's Slight will show, But teaches how the World his own may know.

Thrice

Thrice happy were those golden Days of old, When dear as Burgundy, Ptisans were sold; When Patients chose to die with better Will, Than live to pay th' Apothecary's Bill.

And cheaper than for our Assistance call, Might go to Aix or Bourbon, Spring and Fall.

Then Priests increas'd, and Piety decay'd,
Churchmen the Church's Purity betray'd;
Their Lives and Doctrine, Slaves and Atheists made.

The Laws were but the hireling Judge's Sense;
Juries were sway'd by venal Evidence.

Fools were promoted to the Council-Board,
Tools to the Bench, and Bullies to the Sword.

Pensions in private were the Senate's Aim;
And Patriots for a Place abandon'd Fame.

But

But now no influencing Art remains, For S-rs has the Seal, and Nassau reigns. And we, in spight of our Resolves, must bow, And fuffer by a Reformation too. For now late Jars our Practices detect, And Mines, when once discover'd, lose Effect. Diffentions, like small Streams, are first begun, Scarce feen they rife, but gather as they run: So Lines that from their Parallel decline, More they advance, the more they still dis-join. 'Tis therefore my Advice, in haste we send, And beg the Faculty to be our Friend. In vain we but contend, that radiant Pow'r Those Vapours can disperse It rais'd before.

As he revolving stood to speak the rest, Rough Colocynthis thus his Rage exprest.

Thou

Thou Scandal of the mighty Pean's Art, At thy Approach, the Springs of Nature start, The Nerves unbrace: Nay, at the Sight of thee, A Scratch turns Cancer, Itch a Leprofie. Cou'dst thou propose, That we, the Friends o' Fates, Who fill Church-yards, and who unpeople States, Who baffle Nature, and dispose of Lives, Whilst Russel, as we please, or starves, or thrives, Shou'd e'er fubmit to their Imperious, Will, Who out o'Consultation scarce can kill? The tow'ring Alps shall sooner sink to Vales, And Leaches, in our Glasses, swell to Whales; Or Norwich trade in Implements of Steel, And Bromingham in Stuffs and Druggets deal: The Sick to th' Hundreds sooner shall repair, And change the Gravel-Pits for Kentish Air.

Our

Our Properties must on our Arms depend;
'Tis next to Conquer, bravely to Desend.
'Tis to the Vulgar, Death too harsh appears;
The Ill we feel is only in our Fears.

To Die, is Landing on some silent Shoar,
Where Billows never break, nor Tempests roar:
E'er well we seel the friendly Stroke, 'tis o'er.
The Wise thro' Thought th' Insults of Death defy;
The Fools, thro' bles'd Insensibility.
'Tis what the Guilty sear, the Pious crave;
Sought by the Wretch, and vanquish'd by the Brave.
It eases Lovers, sets the Captive free;
And, tho' a Tyrant, offers Liberty.

Sound but to Arms, the Foe shall soon confess
Our Force encreases, as our Funds grow less;

And

1. M. 1. 18.

And what requir'd such Industry to raise,
We'll scatter into nothing as we please.
Thus they'll acknowledge, to Annihilate
Shews no less wond'rous Pow'r than to Create.
We'll raise our num'rous Cohorts, and oppose
The feeble Forces of our pigmy Foes;
Whole Troops of Quacks shall join us on the Place,
From Great Kirleus down to Doctor Case.
Tho' such vile Rubbish sink, yet we shall rise;
Directors still secure the greatest Prize.
Such poor Supports serve only like a Stay;
The Tree once six'd, its Rest is torn away.

So Patriots, in the time of Peace and Ease,
Forget the Fury of the late Disease:
Imaginary Dangers they create,
And loath th' Elixir which preserv'd the State.

Arm

Arm therefore, gallant Friends, 'tis Honour's Call, Or let us boldly Fight, or bravely Fall.

To this the Session seem'd to give Consent,

Much lik'd the War, but dreaded much th' Event.

At length, the growing Diff'rence to compose,

Two Brothers, nam'd Ascarides, arose.

Both had the Volubility of Tongue,

In Meaning faint, but in Opinion strong.

To speak they both assum'd a like Pretence,

The Elder gain'd his just Pre-eminence;

Thus he: 'Tis true, when Privilege and Right Are once invaded, Honour bids us Fight.

But e'er we once engage in Honour's Cause,

First know what Honour is, and whence it was.

Scorn'd

Scorn'd by the Base, 'tis courted by the Brave,
The Heroe's Tyrant, and the Coward's Slave.
Born in the noisie Camp, it lives on Air;
And both exists by Hope and by Despair.
Angry when e'er a Moment's Ease we gain,
And reconcil'd at our Returns of Pain.
It lives, when in Death's Arms the Heroe lies,
But when his Sasety he consults, it dies.
Bigotted to this Idol, we disclaim
Rest, Health, and Ease, for nothing but a Name.

Then let us, to the Field before we move,
Know, if the Gods our Enterprize approve.
Suppose th'unthinking Faculty unvail
What we, thro' wifer Conduct, wou'd conceal;
Is't Reason we shou'd quarrel with the Glass
That shews the monstrous Features of our Face?

Or

Or grant some grave Pretenders have of late Thought sit an Innovation to create; Soon they'll repent, what rashly they begun; Tho' Projects please, Projectors are undone. All Novelties must this Success expect, When good, our Envy; and when bad, Neglect: If Reason cou'd direct, e'er now each Gate Had born some Trophy of Triumphal State. Temples had told how Greece and Belgia owe Troy and Namur to Jove and to Nassau.

Then fince no Veneration is allow'd, Or to the real, or th'appearing Good; The Project that we vainly apprehend, Must, as it blindly rose, as vilely end. Some Members of the Faculty there are, Who Int'rest prudently to Oaths preser.

Our

Our Friendship with a servile Air they court, And their Clandestine Arts are our Support. Them we'll consult about this Enterprize, And boldly Execute what they Advise.

But from below (while fuch Refolves they took)
Some Aurum Fulminans the \* Fabrick shook.
The Champions, daunted at the Crack, retreat,
Regard their Safety, and their Rage forget.

So when at Bathos all the Giants strove
T'invade the Skies, and wage a War with Jove;
Soon as the Ass of old Silenus bray'd.
The trembling Rebels in Confusion sted.

\* The Room the Apothecaries meet in, is over the Labaratory.

When Bur——s deafens all the listining Press
With Peals of most Seraphick Emptiness;
Or when Mysterious F——n mounts on high,
To preach his Parish to a Lethargy:
This Esculapius waits hard by, to ease
The Martyrs of such Christian Cruelties.

Long has this happy Quarter of the Town,
For Lewdness, Wit, and Gallantry been known.
All Sorts meet here, of whatsoe'er Degree,
To blend and justle into Harmony.
The Criticks each advent'rous Author scan,
And praise or censure as They like the Man.
The Politicians of Parnassus prate,
And Poets canvass the Affairs of State;
The Cits ne'er talk of Trade and Stock, but tell
How Virgil writ, how bravely Turnus fell.

The Country-Dames drive to Hippolito's,
First find a Spark, and after lose a Nose.
The Lawyer for Lac'd Coat the Robe does quit,
He grows a Mad-man, and then turns a Wit.
And in the Cloister pensive Strephon waits,
'Till Chloe's Hackney comes, and then retreats;
And if th'ungenerous Nymph a Shast lets fly
More fatally than from a sparkling Eye,
Mirmillo, that sam'd Opifer, is nigh.

Apothecaries thither throng to Dine,
And want of Elbow-room's fupply'd in Wine.
Cloy'd with Variety, they furfeit there,
Whilft the wan Patients on thin Gruel fare.
'Twas here the Champions of the Party met,
Of their Heroick Enterprize to treat.
Each Heroe a tremendous Air put on,
And stern Mirmillo in these Words begun:

E 3

Ti s

'Tis with Concern, my Friends, I meet you here;
No Grievance you can know, but I must share.
'Tis plain, my Int'rest you've advanc'd so long,
Each Fee, tho' I was mute, wou'd find a Tongue.
And in return, tho' I have strove to rend
Those Statutes, which on Oath I should defend;
Such Arts are Trisses to a gen'rous Mind,
Great Services, as great Returns shou'd find.
And you'll perceive, this Hand, when Glory calls,
Can brandish Arms as well as Urinals.

Oxford and all her passing Bells can tell,
By this Right Arm, what mighty Numbers fell.
Whilst others meanly ask'd whole Months to slay,
I oft dispatch'd the Patient in a Day:
With Pen in Hand I push'd to that degree,
I scarce had left a Wretch to give a Fee.

Some

Some fell by Laudanum, and some by Steel, And Death in Ambush lay in ev'ry Pill. For save or slay, this Privilege we claim, Tho' Credit suffers, the Reward's the same.

What tho' the Art of Healing we pretend,
He that designs it least, is most a Friend.
Into the Right we err, and must confess
To Oversights we often owe Success.
Thus Bessus got the Battel in the Play,
His glorious Cowardise restor'd the Day.
So the sam'd Grecian Piece ow'd its Desert
To Chance, and not the labour'd Stroaks of Art.

Physicians, if they're wise, should never think Of any other Arms than Pen and Ink: But th' Enemy, at their Expence, shall find, When Honour calls, I'll scorn to stay behind.

E 4

He

He faid; and feal'd th' Engagement with a Kifs, Which was return'd by Younger Askaris; Who thus advanc'd: Each Word, Sir, you impart, Has fomething killing in it, like your Art. How much we to your boundless Friendship owe. Our Files can speak, and your Prescriptions show. Your Ink descends in such excessive Show'rs, 'Tis plain, you can regard no Health but ours. Whilst poor Pretenders trisse o'er a Case, You but appear, and give the Coup de Grace. O that near Xanthus Banks you had but dwelt, When Ilium first Achaian Fury felt, The Flood had curs'd young Peleus' Arm in vain, For troubling his choak'd Streams with Heaps of flain. No Trophies you had left for Greeks to raife, Their Ten Years Toil, you'd finish'd in Ten Days.

Fate

Fate smiles on your Attempts, and when you list,
In vain the Cowards fly, or Brave resist.
Then let us Arm, we need not fear Success,
No Labours are too hard for Hercules.
Our military Ensigns we'll display;
Conquest pursues, where Courage leads the Way.

To this Design shrill Querpo did agree,
A stubborn Member of the Faculty;
His Sire's pretended pious Steps he treads,
And where the Doctor fails, the Saint succeeds.
A Conventicle sless'd his greener Years,
And his full Age th'envenom'd Rancour shares.
Thus Boys hatch Game-Eggs under Birds o' Prey,
To make the Fowl more furious for the Fray.

Good Carus next discover'd his Intent,
With much ado explaining what he meant.

His

His Spirits stagnate like Cocitus' Flood. And nought but Calentures can warm his Blood. In his chill Veins the fluggish Puddle flows, And loads with lazy Fogs his fable Brows. Legions of Lunaticks about him press, His Province is loft Reason to redress. So when Perfumes their fragrant Scent give o're, Nought can their Odour, like a Jakes, restore. When for Advice the Vulgar throng, he's found With lumber of vile Books besieg'd around. The gazing Fry acknowledge their Surprize, Consulting less their Reason than their Eyes. Well he perceives it stands in greater stead, To furnish out his Classes, than his Head. Thus a weak State, by wife Distrust enclines To num'rous Stores, and Strength in Magazines. So Fools are always most profuse of Words, And Cowards never fail of longest Swords.

Aban-

Abandon'd Authors here a Refuge meet,

And from the World, to Dust and Worms retreat.

Here Dregs and Sediment of Auctions reign,

Refuse of Fairs, and Gleanings of Duck-Lane.

And up these Shelves much Gothick Lumber climbs,

With Swiss Philosophy, and Runick Rhimes.

Hither, retriev'd from Cooks and Grocers, come

M——Works entire, and endless Reams of Bl—m.

Where would the long-neglected C——s fly,

If bounteous Carus shou'd refuse to buy?

But each vile Scribler's happy on this score,

He'll find some Carus still to read him o're.

Nor must we the obsequious *Umbra* spare, Who, soft by Nature, yet declar'd for War. But when some Rival Pow'r invades a Right, Flies set on Flies, and Turtles Turtles sight.

Else courteous *Uumbra* to the last had been

Demurely meek, insipidly serene.

With Him, the Present still some Virtues have,

The Vain are sprightly, and the Stupid, grave:

The Slothful, negligent; the Foppish, neat;

The Lewd are airy; and the Sly, discreet.

A Wren an Eagle, a Baboon a Beau;

Heroick Ardour now th' Assembly warms, Each Combatant breaths nothing but Alarms. For Future Glory, while the Scheme is laid, Fam'd *Horoscope* thus offers to disfuade;

Since of each Enterprise th' Event's unknown, We'll quit the Sword, and harken to the Gown. Nigh lives Vagellius, one reputed long For Strength of Lungs, and Pliancy of Tongue.

At

At pleasure he can mould the passive Cause; The Worst has Merits, and the Best has Flaws. Five Guinea's make a Criminal to Day, And Ten to Morrow wipe the Stain away. Whatever he affirms is undeny'd, Milo's the Lecher, Clodius th' Homicide. Cato pernicious, Cataline a Saint, Or—d suspected,  $\mathcal{D}$ —b innocent. Let's then to Law, for 'tis by Fate decreed, Vagellius, and our Mony, shall succeed. Know, when I first invok'd Disease by Charms To prove propitious to our future Arms; Ill Omens did the Sacrifice attend, Nor wou'd the Sybil from her Grott ascend.

As Horoscope urg'd farther to be heard, He thus was interrupted by a Bard; In vain your Magick Mysteries you use,
Such Sounds the Sybil's sacred Ears abuse.
These Lines the pale Divinity shall raise,
Such is the Pow'r of Sound, and Force of Lays.

(clash, Arms meet with Arms, Fauchions with Fauchions And sparks of Fire struck out from Armour flash. Thick Clouds of Dust contending Warriors raise, And hideous War o'er all the Region brays.

Some raging ran with huge Herculean Clubs, Some massy Balls of Brass, some mighty Tubs Of Cynders bore.

Naked and half-burnt Hills with hideous Wreck Affright the Skies, and fry the Ocean's Back.

As he went rumbling on, the Fury strait

Crawl'd in, her Limbs cou'd scarce support her Weight.

A

A noisom Rag her pensive Temples bound, And faintly her parch'd Lips these Accents sound.

Mortal, how dar'st thou with such Lines address: My awful Seat, and trouble my Recess? In Effex Marshy Hundreds is a Cell, Where lazy Fogs, and drifling Vapours dwell: Thither raw Damps on drooping Wings repair, And shiv'ring Quartans shake the sickly Air. There, when fatigu'd, some silent Hours I pass, And substitute Physicians in my place. Then dare not, for the future, once rehearle The Dissonance of such unequal Verse. But in your Lines let Energy be found, And learn to rife in Sense, and fink in Sound. Harsh Words, tho pertinent, uncouth appear, None please the Fancy, who offend the Ear.

In Sense and Numbers if you wou'd excel, Read W—, confider  $\mathcal{D}$ —den well. In one, what vig'rous Turns of Fancy shine, In th'other, Syrens warble in each Line. If D-fet's sprightly Muse but touch the Lyre, -The Smiles and Graces melt in foft Defire, And little Loves confess their am'rous Fire. The gentle Isis claims the Ivy Crown, To bind th' immortal Brows of A---- [on. As tuneful C-greve tries his rural Strains, Pan quits the Woods, the list'ning Fawns the Plains; And Philomel, in Notes like his, complains. And Britain, fince Pausanias was writ, Knows Spartan Virtue, and Athenian Wit. When St—— paints the Godlike Acts of Kings, Or, what Apollo dictates, P- fings: The Banks of Rhine a pleas'd Attention show, And Silver Sequana forgets to flow.

Such just Examples carefully read o'er,

Slide without falling, without straining fore.

Oft the your Stroaks surprize, you shou'd not chuse A'Theme so mighty for a Virgin Muse.

Long did Apelles his Fam'd Piece decline,

His Alexander was his last Design.

'Tis M—gae's rich Vein alone must prove,

None but a Phidias shou'd attempt a Joue.

The Fury paus'd, 'till with a frightful Sound

A rifing Whirlwind burft th' unhallow'd Ground.

Then she——The Deity we Fortune call,

Each wond'ring stood, but Horoscope's great Soul That Dangers ne'er alarm, nor Doubts control; Rais'd on the Pinions of the bounding Wind, Out-slew the Rack, and left the Hours behind.

The Evining now with Blushes warms the Air,
The Steer resigns the Yoke, the Hind his Care.
The Clouds aloft with golden Edgings glow,
And falling Dews refresh the Flow'rs below.
The Bat with sooty Wings slits thro' the Grove,
The Reeds scarce rustle, nor the Aspine move,
And all the feather'd Folks forbear their Lays of love.
Thro' the transparent Region of the Skies,
Swift as a Wish the Missionary slies.
With Wonder he surveys the upper Air,

How

How lambent Jellies kind'ling in the Night, Shoot thro' the Æther in a Trail of Light. How rifing Steams in th'azure Fluid blend, Or fleet in Clouds, or in foft Show'rs descend; Or if the stubborn Rage of Cold prevail, In Flakes they fly, or fall in moulded Hail. How Hony Dews embalm the fragrant Morn, And the fair Oak with luscious Sweats adorn. How Heat and Moisture mingle in a Mass, Or belch in Thunder, or in Light'ning blaze. Why nimble Corufcations strike the Eye, And bold Tornado's blufter in the Sky. Why a prolifick Aura upwards tends, Ferments, and in a living Show'r descends. How Vapours hanging on the tow'ring Hills In Breezes figh, or weep in warbling Rills Whence Infant Winds their tender Pinions try, And River Gods their thirsty Urns supply.

Glad Cassiopeia circling in the Sky, / And each bright CHURCHILL of the Galaxy.

Aurora on Etesian Breezes born, With blushing Lips breaths out the sprightly Morn; Each Flow'r in Dew their short-liv'd Empire weeps, And Cynthia with her lov'd Endymion sleeps. As thro' the Gloom the Magus cuts his Way, Imperfect Objects tell the doubtful Day. Orpheus's Harp made a Confiellation.

On high, where no hoarse Winds nor Clouds resort,
The hoodwink'd Goddess keeps her partial Court.
Upon a Wheel of Amethyst she sits,
Gives and resumes, and smiles and frowns by sits.
In this still Labyrinth, around her lye
Spells, Philters, Globes, and Schemes of Palmistry:
A Sigil in this Hand the Gresse bears,
In th'other a prophetick Sive and Sheers.

#### CANTO V.

Hen the still Night, with peaceful Poppies Hadspread her shady Pinions o'er the Ground; And slumb'ring Chiefs of painted Triumphs dream, While Groves and Streams are the soft Virgin's Theme. The Surges gently dash against the Shoar, Flocks quit the Plains, and Gally-Slaves the Oar. Sleep shakes its downy Wings o'er mortal Eyes, Mirmillo is the only Wretch it slies. No Respite he can find from anxious Grief; Then seeks, from this Soliloquy, Relief.

Long

Long have I reign'd unrival'd in the Town. Cumber'd with Fees, and glutted with Renown. None e'er cou'd die with due Solemnity. Unless his Pass-port first were sign'd by Me. My arbitrary Bounty's undeny'd: I give Reversions, and for Heirs provide. None cou'd the tedious Nuptial State support; But I, to make it easie, make it short. I fet the discontented Matrons free. And ranfom Husbands from Captivity. Shall One of fuch Importance now engage In noisie Riot, and in Civil Rage? No, I'll endeavour strait a Peace, and so Preserve my Character, and Person too.

But Discord, that still haunts with hideous Mien Those dire Abodes where Hymen once has been,

O'er-

O'er-heard Mirmillo's Anguish, then begun In fullen Accents to express her own.

Have I so often banish'd lazy Peace From her dark Solitude, and lov'd Recess? Have I made S——ck difagree, And puzzle Truth with learn'd Obscurity? And does my faithful F—for profess His Ardour still for Animosities? Have I, Britannia's Safety to infure, Expos'd her naked, to be more fecure? Have I made Parties opposite, unite, In monstrous Leagues of amicable Spight To curse their Country, whilst the common Cry Is Freedom, but their Aim, the Ministry? And shall a Dastard's Cowardise prevent The War, fo long I've labour'd to foment?

No, 'tis refolv'd, he either shall comply, Or I'll renounce my wan Divinity.

With that, the Hag approach'd Mirmillo's Bed, And taking Querpo's meager Shape, She said;

At dead o'Night I hasten, to dispel
Those Tumults in your pensive Bosom dwell.
I dreamt but now I heard your heaving Sighs,
Nay, saw the Tears debating in your Eyes.
O that 'twere but a Dream! But sure I find
Storms in your Looks, and Terror in your Mind.
Speak, whence it is this late Disorder slows,
That shakes your Soul, and troubles your Repose.
Mistakes in Practice scarce cou'd give you Pain,
Too well you know the Dead will ne'er complain.

What

What Looks discover, said the Homicide, Wou'd be a fruitless Industry to hide. My Safety first I must consult, and then I'll serve our suff'ring Party with my Pen.

All shou'd, reply'd the Hag, their Talent learn; The most attempting of the least discern.

Let P—— b speak, and V—— k write,

Soft Acon court, and rough Cacinna sight:

Such must succeed; but when th' Enervate aim

Beyond their Force, they still contend for Shame.

Had C—— printed nothing of his own,

He had not been the S—— fold o' the Town.

Asses and Owls, unseen, themselves betray,

If These attempt to Hoot, or Those to Bray.

Had W—— never aim'd in Verse to please,

We had not rank'd him with our Ogilbys.

Still

Still Censures will on dull Pretenders fall,

A Codrus shou'd expect a Juvenal.

Ill Lines, but like ill Paintings, are allow'd,

To set off, and to recommend the good.

So Diamonds take a Lustre from their Foyle;

And to a B——ly 'tis, we owe a B—le.

Consider well the Talent you posses,
To strive to make it more would make it less;
And recollect what Gratitude is due,
To those whose Party you abandon now.
To them you owe your odd Magnissence,
But to your Stars your Penury of Sense.
Haspt in a Tombril, aukward have you shin'd
With one sat Slave before, and none behind.
But Those that can exalt, can soon discard,
And set up Carus, or the City Bard.

Alarm'd

Alarm'd at this, the Heroe Courage took, And Storms of Terror threaten'd in his Look, My dread Resolves, he cry'd, I'll strait pursue; The Fury nodded, and in Smiles withdrew.

In boding Dreams Mirmillo spent the Night,
And frightful Phantoms danc'd before his Sight.
At length gay Morn smiles in the Eastern Sky,
From risling silent Graves the Sextons sly.
The risling Mists scud o'er the dewy Lawns,
The Chaunter at his early Matins yawns.
The Vilets ope their Buds, Cowslips their Bells,
And Progne her Complaint of Tereus tells.

As bold *Mirmillo* the gray Dawn descries, Arm'd *Cap-a-pe*, where Honour calls, he flies,

And

And finds the Legions planted at their Post: Where mighty Querpo charm'd the Eye the most. His Arms were made, if we may credit Fame, By Mulciber, the Mayor of Bromingham. Of temper'd Stibium the bright Shield was cast, And yet the Work the Metal far furpass'd. A Foliage of diffembl'd Senna Leaves, Grav'd round the Brim, the wond'ring Sight deceives. Embost upon the Field, a Battel stood Of Leeches spouting Hemorrhoidal Blood. The Artist too express'd the solemn State Of grave Physicians at a Consult met; About each Symptom how they disagree, But how unanimous in case of Fee. Whilst one Assassin his learn'd Collegue tires With quaint Impertinence, the Sick expires.

Beneath

Beneath this Blazing Orb bright Querpo shone,
Himself an Atlas, and his Shield a Moon.
A Pestle for his Truncheon led the Van,
And his high Helmet was a Close-stool Pan.
His Crest an † Ibis, brandishing her Beak,
And winding in loose Folds her spiral Neck.
This, when the Young Querpoides beheld,
His Face in Nurse's Breast the Boy conceal'd;
Then peept, and with th'effulgent Helm wou'd play,
And as the Monster gap'd wou'd shrink away.
Thus sometimes Joy prevail'd, and sometimes Fear;
And Tears and Smiles alternate Passions were.

As Querpo tow'ring stood in Martial Might,

Pacifick Carus sparkl'd on the Right.

An \* Oran Outang o'er his Shoulders hung,

His Plume confess'd the Capon whence it sprung.

His

<sup>†</sup> This Bird, according to the Ancients, gives it felf a Clyfer with its Beak.

<sup>\*</sup> The Skin of a diffected Baboon calld fo.

His motly Mail scarce cou'd the Heroe bear, Haranguing thus the Tribunes of the War.

Fam'd Chiefs,

For present Triumphs born, design'd for more,
Your Virtue I admire, your Valour more.
If Battel be resolv'd, you'll find this Hand
Can deal out Destiny, and Fate command.
Our Foes in Throngs shall hide the Crimson Plain,
And their Apollo interpose in vain.
Tho' Gods themselves engage, a Diamed
With ease cou'd show a Deity can bleed.

But War's rough Trade shou'd be by Fools profest,
The grossest Rubbish sills a Trench the best.
Let Quinsies throttle, and the Quartan shake,
Or Dropsies drown, and Gout and Colicks rack;

Let

Let Sword and Pestilence lay waste, whilst we Wage bloodless Wars, and fight in Theory. Who wants not Merit needs not arm for Fame; The Dead I raise my Chivalry proclaim. Diseases bassid, and lost Health restor'd, In Fame's bright List my Victories record. More Lives from me their Preservation own, Than Lovers lose if Fair Cornelia frown.

Your Cures, shrill Querpo cry'd, aloud you tell, But wisely your Miscarriages conceal.

Zeno, a Priest, in Samothrace of old,

Thus reason'd with Philopidas the bold;

Immortal Gods you own, but think em blind

To what concerns the State of Human Kind.

Either they hear not, or regard not Pray'r,

That argues want of Pow'r, and This of Care.

Allow

Allow that Wisdom infinite must know;
Pow'r infinite must act. I grant it so.
Haste strait to Neptune's Fane, survey with Zeal
The Walls. What then? reply'd the Insidel.
Observe those num'rous Throngs in Essigy,
The Gods have sav'd from the devouring Sea.
'Tis true, their Pictures that escap'd you keep,
But where are Theirs that perish'd in the Deep?

Vaunt now no more the Triumphs of your Skill, But, the unfeed, exert your Arm, and kill. Our Scouts have learn'd the Posture of the Foe; In War, Surprizes surest Conduct show.

But Fame, that neither good nor bad conceals,
That Pembrook's Worth, and Ormand's Valour tells.
How Truth in Benting, how in Candifb reigns
Varro's Magnificence with Maro's Strains.

But

But how at Church and Bar all gape and stretch If W—— plead, or S—— or O——ly preach, On nimble Wings to Warwick-Lane repairs, And what the Enemy intends, declares. Confusion in each Countenance appear'd, A Council's call'd, and Stentor first was heard; His lab'ring Lungs the throng'd Pratorium rent, Addressing thus the passive President.

Machaon, whose Experience we adore,
Great as your matchless Merits, is your Pow'r.
At your Approach, the baffl'd Tyrant Death
Breaks his keen Shafts, and grinds his clashing Teeth.
To you we leave the Conduct of the Day;
What you command, your Vassals must obey.
If this dread Enterprize you wou'd decline,
We'll send to treat, and stiffe the Design.

G 4

But

But if my Arguments had force, we'd try
To scatter our audacious Foes, or die.
He had not finish'd, 'till th' Out-guards descry'd
Bright Columns move in formidable Pride.
The passing Pomp so dazzl'd from afar,
It seem'd a Triumph, rather than a War.
Tho' wide the Front, tho' gross the *Phalanx* grew,
It look'd less dreadful as it nearer drew.

The adverse Host for Action strait prepare;
All eager to unveil the Face of War.
Their Chiefs lace on their Helms, and take the Field,
And to their trusty Squires resign their Shield:
To paint each Knight, their Ardour and Alarms,
Wou'd ask the Muse that sung the Frogs in Arms.

And now the Signal fummons to the Fray; Mock Falchions flash, and paltry Ensigns play.

Their

Their Patron God his filver Bow-string twangs;
Tough Harness rustles, and bold Armour clangs.
The piercing Causticks ply their spightful Pow'r;
Emeticks ranch, and keen Catharticks scour.
The deadly Drugs in double Doses sty;
And Pestles peal a martial Symphony.

Now from their levell'd Syringes they pour
The liquid Volly of a missive Show'r.
Not Storms of Sleet, which o'er the Baltick drive,
Push'd on by Northern Gusts, such Horror give.
Like Spouts in Southern Seas the Deluge broke,
And Numbers sunk beneath th'impetuous Stroke.

So when Leviathans dispute the Reign
And uncontroll'd Dominion of the Main;
From the rent Rocks whole Coral Groves are torn,
And Isles of Sea-weed on the Waves are born.

Such

Such watry Stores from their spread Nostrils sly, Tis doubtful which is Sea, and which is Sky.

And now the stagg'ring Braves, led by Despair,
Advance, and to return the Charge, prepare.

Each seizes for his Shield a spacious Scale,
And the Brass Weights sly thick as Show'rs of Hail.

Whole Heaps of Warriors welter on the Ground,
With Gally-Pots, and broken Phials crown'd;

Whilst empty Jarrs the dire Deseat resound.

Thus when some Storm its Crystal Quarry rends,
And Jove in rathing Show'rs of Ice descends;
Mount Athos shakes the Forests on his Brow,
Whilst down his wounded Sides fresh Torrents flow,
And Leaves and Limbs of Trees o'er-spread the Vale
[below.]

But

But now, all Order lost, promiscuous Blows Confus'dly fall; perplex'd the Battel grows. From Stentor's Arm a massy Opiat flyes, And strait a deadly Sleep clos'd Carus' Eyes. At Colon great Sertorius Rhubarb flung, Who with fierce Gripes, like those of Death, was stung; But with a dauntless and disdainful Mien Hurl'd back Steel Pills, and hit him on the Spleen. Chiron attack'd Talthibius with fuch Might, One Pass had paunch'd the huge hydropick Knight, Who strait retreated to evade the Wound, But in a Flood of Apozem was drown'd. This Psylas saw, and to the Victor said, Thou shalt not long survive th'unweildy Dead. Thy Fate shall follow; then to confirm it, swore By th'Image of *Priapus*, which he bore;

And

And rais'd an Eagle stone, invoking loud On Cynthia, leaning o'er a Silver Cloud,

Great Queen of Night, and Empress of the Seas,
If faithful to thy Midnight Mysteries,
If still observant of my early Vows,
These Hands have eas'd the mourning Matron's
Direct this rais'd avenging Arm aright,
So may loud Cymbals aid thy lab'ring Light.
He said, and let the pond'rous Fragment sy
At Chiron, but learn'd Hermes put it by.

Tho' the haranguing God furvey'd the War,
That Day the Muses Sons were not his Care.
Two Friends, Adepts, the *Trismegists* by Name,
Alike their Features, and alike their Flame.
As simpling ne'er fair *Tweed* each sung by turn,
The list'ning River wou'd neglect his Urn.

Those

Those Lives They fail'd to rescue by their Skill,
Their Muse cou'd make immortal with her Quill.
But learn'd Enquiries after Nature's State
Dissolv'd the League, and kindl'd a Debate.
The One, for losty Labours fruitful known,
Fill'd Magazines with Volumes of his own.
At his once-favour'd Friend a Tome he threw
That from its Birth had slept unseen 'till now.
Stunn'd with the Blow the batter'd Bard retir'd,
Sunk down, and in a Simile expir'd.

And now the Cohorts shake, the Legions ply,
The yielding Flanks confess the Victory.

Stentor undaunted still, with noble Rage
Sprung thro' the Battel, Querpo to engage.

Fierce was the Onset, the Dispute was great,
Both cou'd not vanquish, Neither would retreat;

Each

Each Combatant his Adversary mauls

With batter'd Bed-pans, and stav'd Urinals.

But whilst bold Stentor (as late Rumors tell)

Design'd a fatal Stroke, the Heroe fell;

And as the Victor hov'ring o'er him stood,

With Arms extended, thus the Suppliant su'd.

When Honour's lost, 'tis a Relief to die;
Death's but a fure Retreat from Infamy.
But to the lost, if Pity might be shown,
Reslect on young Querpoides thy Son;
Then pity mine, for such an Infant-Grace
Sports in his Eyes, and slatters in his Face.
If he was near, Compassion he'd create,
Or else lament his wretched Parent's Fate.
Thine is the Glory, and the Field is thine;
To Thee the lov'd Dispens'ry I resign.

The

The Chief at this the deadly Stroak declin'd,
And found Compassion pleading in his Mind.
But whilst he view'd with Pity the Distress'd,
He spy'd \* Signetur writ upon his Breast.
Then tow'rds the Skies he toss'd his threatning Head,
And fir'd with more than mortal Fury, said

Sooner than I'll from vow'd Revenge desist,

His Holiness shall turn a Quietist.

The Jesuist and Jansenists agree,

The Inquisition wink at Heresie.

Faith stand unshook thro' St—fleer's Desence;

And L—k for Mystery abandon Sense.

With that he drew a Lancet in full Rage, To puncture the still supplicating Sage.

But

<sup>\*</sup>Those Members of the College that observe a late Statute, are calld by the Apothesaries Signetur Men.

But while his Thoughts that fatal Act decree,

Apollo interpos'd in form of Fee.

The Chief great Paan's golden Tresses knew,

He own'd the God, and his rais'd Arm withdrew.

Thus often at the *Temple-Stairs* we've feen
Two Tritons of a rough Athletick Mien,
Sourly dispute some Quarrel of the Flood,
With Knuckles bruis'd, and Face besmear'd in Blood;
But at the first Appearance of a Fare,
Both quit the Fray, and to their Oars repair.

The Heroe fo his Enterprize recalls, His Fift unclinches, and the Weapon falls.

Hile the shrill Clangour of the Battel rings, Auspicious Health appear'd on Zephir's Wings; She seem'd a Cherub most divinely bright, More soft than Air, more gay than Morning Light.

A Charm she takes from each excelling Fair, And borrows C——le's Shape, and G——ton's Air. Her Eyes like R——agh's their Beams dispense, With Ch——ill's Bloom, and B——kley's Innocence; From her bright Lips a vocal Musick falls, As to Machaon thus the Goddess calls.

Consult that facred Sage, soon He'll disclose The Method that must terminate these Woes. Let Celsus for that Enterprize prepare, His Conduct to the Shades shall be my Care.

Aghast the Heroes stood dissolved in Fear,

A Form so Heavenly bright They could not bear;

Celsus alone unmoved, the Sight beheld,

The rest in pale Consusion left the Field.

And scatter'd Feathers flutter in the Air;
But when the bold imperial Bird of Jeve
Stoops on his sounding Pinions from above,
Among the Brakes the Fairy Nation crowds,
And the Strimonian Squadron seeks the Clouds.

And now the Delegate prepares to go

And view the Wonders of the Realms below;
Then takes Amemum for the Golden Bough.
Thrice did the Goddess with her Sacred Wand

The willing Surface opens, and descries
A deep Descent that leads to nether Skies.

Within

Within the Chambers of the Globe they spy The Beds where fleeping Vegetables lye, 'Till the glad Summons of a Genial Ray Unbinds the Glebe, and calls them out to Day. Hence Pancies trick themselves in various Hew ; And hence Junquils derive their fragrant Dew Hence the Carnation and the bashful Rose Their Virgin Blushes to the Morn disclose. Hence the chast Lilly rises to the Light, Unveils her fnowy Breafts, and charms the Sight. Hence Arbours are with twining Greens array'd, T'oblige complaining Lovers with their Shade. And hence on Daphne's Laurel'd Forehead grow Immortal Wreaths for Phabus and Nassau.

The Infects here their lingring Trance furvive: Benumb'd they feem, and doubtful if alive.

From

From Winter's Fury hither they repair,
And stay for milder Skies and softer Air.

Down to these Cells obscener Reptils creep,
Where hateful Nutes and painted Lizzards sleep.

Where shiv'ring Snakes the Summer Solstice wait;
Unfurl their painted Folds, and slide in State.

Now, those prosounder Regions They explore, Where Metals ripen in vast Cakes of Oar.

Here, sullen to the Sight, at large is spread

The dull unweildy Mass of lumpish Lead.

There, glimm'ring in their dawning Beds, are seen

The more aspiring Seeds of sprightly Tin.

The Copper sparkles next in ruddy Streaks;

And in the Gloom betrays its glowing Cheeks.

The Silver then with bright and burnish'd Grace,

Youth and a blooming Lustre in its Face,

To th' Arms of those more yielding Metals slies,
And in the Folds of their Embraces lyes.
So close they cling, so stubbornly retire;
Their Love's more violent than the Chymist's Fire.

Near These the Delegate with Wonder spies Where Floods of living Silver serpentize: Where richest Metals their bright Looks put on, And Golden Streams thro' Amber Channels run. Where Light's gay God descends to ripen Gems, And lend a Lustre brighter than his Beams.

Here he observes the Subterranean Cells,
Where wanton Nature sports in idle Shells:
Some Helicoeids, some Conical appear;
These, Mitters emulate; Those, Turbans are.
Here Marcasites in various Figure wait,
To ripen to a true Metallick State:

Till

'Till Drops that from impending Rocks defcend Their Substance petrifie, and Progress end. Nigh, livid Seas of kindl'd Sulphur flow; And, whilst enrag'd, their Fiery Surges glow: Convulsions in the lab'ring Mountains rise, And hurl their melted Vitals to the Skies.

He views with Horror next the noisie Cave,
Where with hoarse dinn imprison'd Tempests rave:
Where clam'rous Hurricanes attempt their Flight,
Or, whirling in tumultuous Eddies, sight.
The warring Winds unmov'd Hygeia heard,
Brav'd their lou'd Jars, but much for Celsus sear'd.
Andromeda, so whilst her Heroe sought
Shook for his Danger, but her own forgot.

And now the Goddess with her Charge descends,
Where scarce one chearful Glimpse their Steps befriends

With fordid Age his Features are defac'd, His Lands unpeopl'd, and his Countries waste. To these dark Realms much learned Lumber creeps, There copious M—— fafe in Silence fleeps Where Mushroom Libels in Oblivion lye, And, foon as born, like other Monsters die. Upon a Couch of Jett in these Abodes, Dull Night, his melancholy Confort, nods. No Ways and Means their Cabinet employ; But their dark Hours they waste in barren Joy.

Nigh this Recess, with Terror they survey
Where Death maintains his dread tyrannick Sway;

In

In the close Covert of a Cypress Grove,
Where Goblins frisk, and airy Spectres rove,
Yawns a dark Cave, most formidably wide;
And there the Monarch's Triumphs are descry'd.
Confus'd, and wildly huddl'd to the Eye,
The Beggar's Pouch, and Prince's Purple lye.
Dim Lamps with fickly Rays scarce seem to glow;
Sighs heave in mournful Moans, and Tears o'er-slowOld mouldring Urns, pale Fear, and dark Distress
Make up the frightful Horror o'the Place.

Within its dreadful Jaws those Furies wait,
Which execute the harsh Decrees of Fate.

\* Febris is sirst: The Hag relentless hears
The Virgin's Sighs; and sees the Infant's Tears,
In her parch'd Eye-balls siery Meteors reign;
And restless Ferments revel in each Vein.

Then

<sup>\*</sup> Feavor.

Then\* Hydrops next appears amongst the Throng;
Bloated, and big, she slowly sails along.
But, like a Miser, in Excess she's poor;
And pines for Thirst amidst her wat'ry Store.

Now loathsom † Lepra, that offensive Spright, With soul Eruptions stain'd, offends the Sight.

Still deaf to Beauty's soft-persuading Pow'r:

Nor can bright Hebe's Charms her Bloom secure.

Whilst meager ¶ Phthisis gives a silent Blow; Her Stroaks are sure; but her Advances slow. No loud Alarms, nor sierce Assaults are shown; She starves the Fortress sirst; then takes the Town, Behind stood Crouds of much inferior Name, Too num'rous to repeat, too soul to name;

\* Dropsie. + Leprosie. 9 Consumption.

The

The Vaffals of their Monarch's Tyranny: Who, at his Nod, on fatal Errands fly.

Now Celsus, with his glorious Guide, invades The filent Region of the fleeting Shades: Where Rocks and ruful Defarts are descry'd; And fullen Styx rolls down his lazy Tide. Then shews the Ferry-man the Plant he bore, And claims his Passage to the further Shore. To whom the Stygian Pilot smiling, said, You need no Pass-port to demand our Aid. Physicians never linger on this Strand: Old Charon's present still at their Command. Our awful Monarch and his Confort owe To Them the Peopling of their Realms below. Then in his swarthy Hand he grasp'd his Oar, Receiv'd his Guests aboard, and shov'd from Shoar.

Now,

Now, as the Goddess and her Charge prepare To breath the Sweets of soft Elysian Air,
Upon the Left they spy a pensive Shade,
Who on his bended Arm had rais'd his Head:
Pale Grief sate heavy on his mournful Look:
To whom, not unconcern'd, thus Celsus spoke:

Tell me, Thou much afflicted Shade, why Sighs
Burst from your Breast, and Torrents from your Eyes:
And who those mangl'd *Manes* are, which show
A sullen Satisfaction at your Woe?

Since, faid the Ghost, with Pity you'll attend, Know, I'm Guiacum, once your valu'd Friend. And on this barren Beach in Discontent Am doom'd to stay, 'till th' angry Pow'rs relent.

Those

Those Spectres seam'd with Scars that threaten there,
The Victims of my late ill Conduct are.
They were with endless Clamours my Repose:
This wants his Palate; That demands his Nose:
And here they execute stern Pluto's Will,
And ply me ev'ry moment with a Pill.

Then Celsus thus: O much-lamented State!

How rigid is the Sentence you relate?

Methinks I recollect your former Air,

But ah, how much you're chang'd from what you were!

Insipid as your late Ptisans you lye,

That once were sprightlier far than Mercury.

At the sad Tale you tell, the Poppies weep,

And mourn their vegetable Souls assep.

The unctuous Larix, and the healing Pine

Lament your Fate in Tears of Turpentine.

But

But still the Off-spring of your Brain shall prove The Grocer's Care, and brave the Rage of Jove. When Bonsires blaze, your vagrant Works shall rife In Rockets, 'till they reach the wond'ring Skies.

If Mortals e'er the Stygian Pow'rs cou'd bend,
Entreaties to their awful Seats I'd fend.
But fince no human Arts the Fates diffuade;
Direct me how to find bless'd Harvy's Shade.
In vain th'unhappy Ghost still urg'd his Stay;
Then rifing from the Ground, he shew'd the Way.

Nigh the dull Shoar a shapeless Mountain stood,
That with a dreadful Frown survey'd the Flood.
Its fearful Brow no lively Greens put on,
No frisking Goats bound o'er the ridgy Stone.
To gain the Summit the bright Goddess try'd,
And Celsus follow'd, by degrees, his Guide.
Th'Ascent

Th'Ascent thus conquer'd, now They tow'ron high, And taste th' Indulgence of a milder Sky. Loofe Breezes on their airy Pinions play, And with refreshing Sweets perfume the Way. Cool Streams thro' flow'ry Meadows gently glide; And as They pais, their painted Banks they chide. These blissful Plains no Blights, nor Mildews fear, The Flow'rs me'er fade, and Shrubs are Myrtles here. The Morn awakes the Tulip from her Bed; E'er Noon in painted Pride she decks her Head: Roab'd in rich Dye the triumps on the Green, And ev'ry Flow'r does Homage to their Queen. So when bright Venus rifes from the Flood, Around in Throngs the wond'ring Nereils crowd; The Tritons gaze, and tune each vocal Shell. And ev'ry Grace unfung, the Waves conceal.

The

The Delegate observes, with wond'ring Eyes,
Ambrosial Dews descend, and Incense rise.

Then hastens onward to the pensive Grove,
The silent Mansson of disastrous Love.

Here Jealousie with Jaundice Looks appears,
And broken Slumbers, and fantastick Fears.

The widow'd Turtle hangs her moulting Wings,
And to the Woods in mournful Murmurs sings.

No Winds but Sighs are there, no Floods but Tears,
Each conscious Tree a Tragick Signal bears.

Their wounded Bark records some broken Yow,
And Willow Garlands hang on ev'ry Bough.

Olivia here in Solitude he found,

Her down-caft Eyes fix'd on the filent Ground:

Her Drefs neglected, and unbound her Hair,

She feem'd the mournful Image of Despair.

How

How lately did this celebrated Thing

Blaze in the Box, and sparkle in the Ring,

'Till the Green-sickness and Love's force betray'd

To Death's remorsless Arms th' unhappy Maid.

All o'er confus'd the guilty Lover stood,
The Light forsook his Eyes, his Cheeks the Blood;
An Icy Horrour shiver'd in his Look,
As to the cold-complexion'd Nymph He spoke:

Tell me, dear Shade, from whence such anxious Care,
Your Looks disorder'd, and your Bosom bare?
Why thus you languish like a drooping Flow'r.
Crush'd by the weight of some unfriendly Show'r?
Your languid Looks, your late ill Conduct tell;
O that instead of Trash you'd taken Steel!

Stabb'd

Stabb'd with th'unkind Reproach, the Conscious [Maid Thus to her late insulting Lover said; When Ladies listen not to loose Desire, You stile our Modesty, our want of Fire.

Smile or Forbid, Encourage or Reprove,
You still sind Reasons to believe we love:
Vainly you think a Liking we betray,
And never mean the peevish Things we say.

Custom, reply'd the Lover, is your Guide,
Discretion is but Fear, and Honour, Pride.
To do nice Conduct Right, you Nature wrong;
Impulses are but weak, where Reason's strong.
Some want th' Assurance oft, but Few the Flame;
They like the Thing, That startle at the Name.
The lonely Phænix, tho' profess'd a Nun,
Warms into Love, and kindles at the Sun.

Those

Those Tales of spicy Urns and fragrant Fires, Are but the Emblems of her scorch'd Desires.

Then as he strove to class the sleeting Fair,
His empty Arms confess'd th' impassive Air.
From his Embrace th' unbody'd Spectre slies,
And as she mov'd, she chid him with her Eyes.

They hasten now to that delightful Plain,
Where the glad Manes of the Bless'd remain:
Where Harvy gathers Simples to bestow
Immortal Youth on Heroe's Shades below.
Soon as the bright Hygeia was in view,
The Venerable Sage her Presence knew.
Thus He——

Hail, blooming Goddess! Thou propitious Pow'r, Whose Blessings Mortals next to Life implore.

I 2

With

With fo much Lustre your bright Looks endear, That Cottages are Courts where Those appear. Mankind, as you vouchsafe to Smile or Frown, Finds Ease in Chains, or Anguish in a Crown.

With just Resentments and Contempt you see
The mean Dissentions of the Faculty;
How your sad sick ning Art now hangs her Head,
And once a Science, is become a Trade.
Her Sons ne'er risse her Mysterious Store,
But study Nature less, and Lucre more.

I show'd of old, how vital Currents glide,
And the Meanders of their refluent Tide.
Then, Willis, why spontaneous Actions here,
And whence involuntary Motions there:
And how the Spirits, by Mechanick Laws,
In wild Careers, tumultuous Riots cause.

Nor

Nor wou'd our Wharton, Bates, and Glisson lye In the Abyss of blind Obscurity.

But now fuch wond'rous Searches are forborn, And Pean's Art is by Divisions torn.

Then let your Charge attend, and I'll explain, How her lost Health your Science may regain.

Haste, and the matchless Atticus Address,
From Heav'n, and great Nassau he has the Mace.
Th'oppress'd to his Asylum still repair;
Arts he supports, and Learning is his Care.
He softens the harsh Rigour of the Laws,
Blunts their keen Edge, and cuts their Harpy Claws;
And graciously he casts a pitying Eye
On the sad State of virtuous Poverty.
When-e'er he speaks, Heav'ns! how the list'ning Throng
Dwells on the melting Musick of his Tongue.

His

His Arguments are Emblems of, his Mein,
Mild, but not faint; and forcing, the ferene;
And when the Pow'r of Eloquence He'd try,
Here, Light'ning strikes you; there, soft Breezes sigh.

To him you must your sickly State refer,
Your Charter claims him as your Visiter.
Your Wounds he'll close, and sov'reignly restore
Your Science to the Height it had before,

Then Nassau's Health shall be your glorious Aim, His Life should be as lasting as His Fame.

Some Princes Claims from Devastations spring, He condescends in pity to be King:

And when, amidst his Olives plac'd, He stands, And governs more by Candour than Commands:

Ev'n then not less a Heroe he appears,

Than when his Laurel Diadem he wears.

Won'd

Wou'd *Phæbus*, or his *Granvil*, but inspire Their facred Veh'mence of Poetick Fire; To celebrate in Song that God-like Pow'r, Which did the lab'ring Universe restore; Fair *Albion's* Cliffs wou'd Eccho to the Strain, And praise the Arm that Conquer'd, to regain The Earth's Repose, and Empire o'er the Main.

Still may th' immortal Man his Cares repeat,
To make his Bleffings endless as they're great:
Whilst Malice and Ingratitude confess
They've strove for Ruin long without Success.

Had some sam'd Heroe of the Latin Blood, Like Julius Great, and like Octavius Good, But thus preserv'd the Latian Liberties, Aspiring Columns soon had reach'd the Skies:

Loud

Loud Is the proud Capitol had frook.

And all the Statues of the Gods had fpoke.

No more the Sage his Raptures cou'd pursue: He paus'd; and Celsus with his Guide withdrew.

FINIS.
